Transition to School Programs provide the perfect opportunity to come into the school setting on regular short intervals to help make transition to big school a little easier for both the parent and child.

Participating in the Gundagai Public School transition to school program will help you and your child gain a better understanding about what big school is about. It allows children the opportunity to build their experiences in a school setting, and prepare for all the exciting things to come in 2025!

The GPS Blue debating team has progressed in the Premier's Debating Challenge. Each speaker showcased their teamwork and public speaking skills. They were also commended by the adjudicator for their high quality rebuttal. The team was enthusiastically supported by Year 4, 5 and 6 as the audience.
